

PVC Cards

From Player Club Cards to Hotel Key Cards, choosing Graphic Controls is the smart choice. Backed by 80 years of manufacturing expertise, we offer high quality printing, full customer service and extensive supply chain management that reduces lead times and lowers your cost.

High Resolution Imaging

Truly make your Players Club Card stand out, here at Graphic Controls we offer a wide variety of features. Along with our four color high resolution printing capabilities, our quality standards separate us from our competition. Matte or high gloss finishes provides the desired professional look for your custom application.

Customer Service & Logistics

It's our job to make your job easier. That's why our sales and customer service teams take care of every detail. From regional warehousing to Global distribution, you can rest assured knowing your product is just a few days away.

Security Features and Packaging

Data can be encrypted on a two or three track system located on the magnetic stripe offering HiCo, LoCo, and MedCo encoding. We offer a wide range of creative features from metallic inks to pearl silkscreens. Higher levels of our offerings include custom foil stamping, signature panels and slot punches. The sleeves are within the cases and our pallets are shrink-wrapped for more protection against in transit mishaps, all saving you time and money.
