

# Our TITO tickets are a win-win.

That's because Graphic Controls offers Slot Machine Tickets that combine the latest printing and safety technology with the expertise and service of more than 100 years as a worldwide leader in Transactional Media. Whether you're looking to maximize your messaging, reduce waste caused by damaged tickets or improve your supply chain management—odds are we've got exactly what you're looking for.

## Superior Graphics

Graphic Controls offers four color, four image repeat capabilities. We help you maximize your messaging with photo-quality graphics in countless color combinations.

## Customer Service

It's our job to make your job easier. That's why our full-service sales and customer service teams take care of every detail. You can even use our convenient web tools to design product, re-order tickets, view ship dates and check invoices.

## Protective Packaging

Our TITO ticket packs are individually shrink-wrapped. So they're safe from dust, humidity and in-transit mishaps. We even offer security inks, anti-fraud and tracking options for more peace of mind.

## Worldwide Leader

Graphic Controls is proud to be the global leader in TITO tickets. You'll find our tickets being used worldwide in slot systems designed by Aristocrat, Atronic, Bally Technologies, Gauselmann Group, IGT, Konami, Multimedia and more! Our tickets are designed to perform with leading thermal printers used in slot machines such as FutureLogic, Transact and Nanoptix.
